

## • Pallet overview

### The perfect printer for everybody!

You can't find the perfect printer for you? We'd love to help! We are very proud to be able to respond to individual requests of our customers and we always make sure to produce the ideal product for you. Since we are designing and producing everything in Austria, we are extremely flexible and can adjust our printer to your needs, e.g. custom pallets, software updates or help you with your online shop integration.

We have a wide range of pallets available. We offer standard sizes (ranging from 10x10cm up to 100x200cm) as well as customized sizes. Pallets can be easily exchanged. Please contact us to get more information.
